Although having had a disastrous season in 1909-10, owing to the graduation of several of the players, the Potter School carried off the championship in the Kensington District League, for the second time since the organization of the league three years ago.

The Northeast District League passed through its first season in the Grammar School Association, and to the Longfellow School belongs the honor of winning for the first time the beautiful trophy (silver cup) which was donated by Walter Thayer of the Merion C.C.
